Bogus callers
We do not do private work. If anyone offers to do private work please contact Surrey Trading Standards on 0808 223 1133 or visit www.surrey.gov.uk/stopcoldcallers

The council's contractor Ringway will be carrying out these works on our behalf.

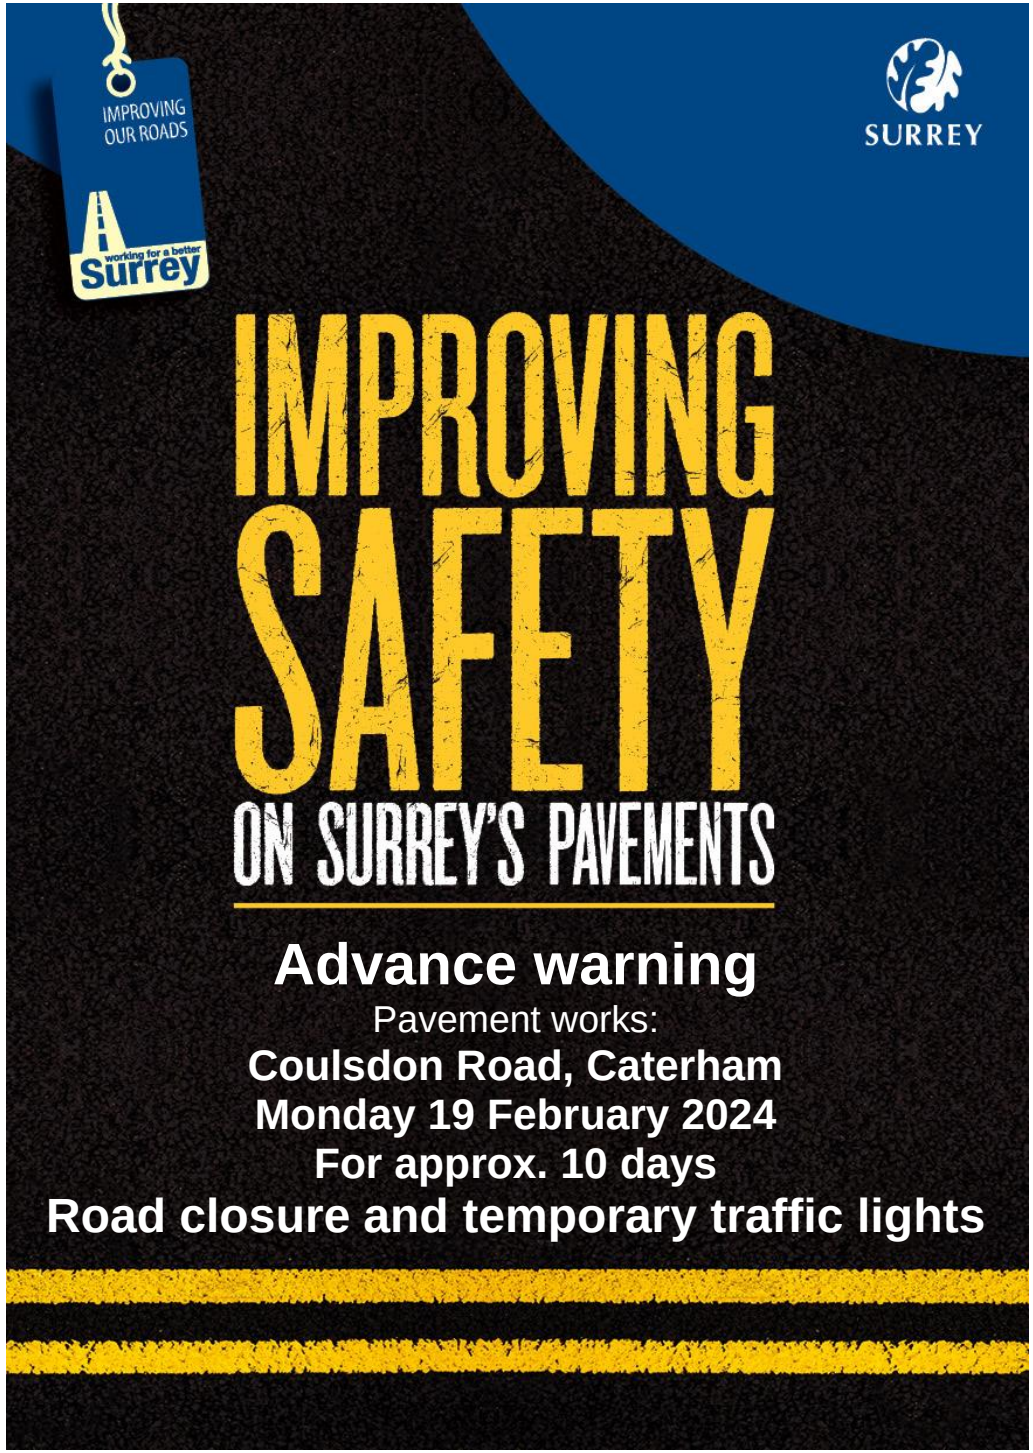
Surrey, KT13 0YP

Delays in work
Our work is sometimes delayed by bad weather. We will keep you updated on any changes via the advance warning signs and on one.network

Buses
If you use the bus, check with your bus operator to find out if there are any alterations to the service during these roadworks. You'll find all Surrey's operators and their websites listed here: www.surreycc.gov.uk/busoperators

If one of our signs has been left behind, please help us by reporting it online at www.RemoveThisSign.com.

We thank you in advance for your cooperation and patience while we carry out these road works.



Start date:
Monday 19 February 2024

Duration:
For approx. 10 days
24hrs a day
Road closure and temporary traffic lights

Please look out for advance warning signs on site for any date changes or check one.network; @HighwaysSurrey on Twitter; @Surrey Highways on Facebook and @surrey_highways on Instagram

What we are doing

We are carrying out pavement reconstruction works on Coulsdon Road, Caterham.

Extent of works:
Road closure:

Temporary traffic lights will be in place on Coulsdon Road, Caterham whilst we carry out our reconstruction works. The works area is marked in blue on the map opposite.

A road closure will be in place on Banstead Road on the junction with Coulsdon Road and a traffic diversion will be in place. The closure is shown in red on the map opposite.

We will make sure you can get to and from your house or business when it is safe to do so. Please talk to a member of our staff on site if you need help – talking to our staff can solve most issues.

It is illegal to drive over the pavement to access your property unless there is a vehicle crossover. If you want access to park on your property, you will need to apply for a crossover. Vehicle crossovers can only be approved and constructed by application to the council; **they will not be included as part of this scheme.** If your property has been previously accessible by an unofficial vehicle crossover, due to an uneven or sunken kerb for example, this *may* be removed or altered as part of these works, as we may need to adjust or raise the existing kerb levels. We will not be raising existing vehicle crossings. For more information or to apply for a crossover - surreycc.gov.uk/roads-and-transport/permits-and-licences/vehicle-crossovers-or-dropped-kerbs.

Please do not park in the area where the team are working. These works will be carried out in stages along the road. We will try to give residents prior warning to move vehicles by marking the works area with cones and barriers and by placing no parking flyers on vehicles.

Noise
There will be some noise, but we will try to keep this to a minimum.
